

List Of Transactions

After completing this lesson, you should be able to perform the register operations listed below.

- You will have 80 minutes to complete the exercises on the following pages with the guidance of your Sponsor, who will play the role of a Customer.
- These exercises will help you learn some basic register operations that you will use on a daily basis.
- If there are questions on a specific procedure in this lesson, refer to the detailed procedures in the Front-end Guide section noted in the “How to Guide” column.
